Di beberapa smartphone sendiri navigasi berbeda-beda, ada yang tombol soft key seperti back, menu, search dan home terdapat pada device, dan ada juga yang terdapat layar, ada juga yang terdapat pada perangkat.. You have options to make your friends list visible either only to you or just to your friends or in custom list, which is by default set to public.. Berhubung tombol back merupakan tombol paling favorit untuk digunakan maka ada saatnya tombol back ini tidak berfungsi.. • Login to your Facebook account on chrome browser • Open the target user profile, click on friends • You will find a new link (Reveal Friends) in blue color • Click on (Reveal Friends) • Wait for a while to complete the process • Now their hidden friends list would appear to you • Done!!.. But here I'll discuss about a tool which can bypass this setting and let you see the hidden friends list of any Facebook user. [Tmac V6 For Mac](#)
